MOTIP Kompakt Car Paint (touch-up)

Technical Information

Scratch free and shock proof
Resistant to weather influences
UV resistant and non-fading
Corrosion preventive
Excellent adhesion

- yellow
- green
- blue
- purple
- white
- beige
- grey
- black
- brown
- gold
- silver
- bronze

Smell: Characteristic
Degree of gloss: gloss, >75
Dust dry: 5 - 10 min
Dry to touch: 20 min
Completely dry: 2 h
Overcoatable: 2 h
Surfaces: Car parts
Flash point:

- 27 °C
- n.a.

Storage stability: 5 years
Content: 12 ML

How to use

Before use, carefully read the directions on the packaging and act accordingly.
Remove loose old lacquer and rust with a rust removing pencil.
The surface should be clean, dry and free of grease.
The touch-up pencil should be at room temperature. Optimum processing temperature is 10 to 25°C.
Before use, shake the Touch-up-pencil for 2 minutes and apply a sample.
Apply the lacquer in several thin layers.
For an optimum result, apply a finishing layer of acrylic clear coat.
The drying time depends on the ambient temperature, the humidity of the air and the thickness of the lacquer applied.

Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as “special refuse”.

Marking/Labelling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

As of August 7, 2026 – This release replaces all eventually earlier issued versions.
